*Rune Gerfort*

## **Personalia**

Full Name: Rune Christian Gerfort  
Year of Birth: 1970  
Address: Svalevej 10, 4300 Holbæk, Denmark  
Phone: 0045 61311070  
Email: runegerfort@gmail.com

Current job position: Owner of DanVal ApS, Working as  
Freelance Consultant

---

## **Summary**

### ***Professional experience:***

I have more than 20 years of experience in the Biotech and Pharmaceutical industry, where for the last 10 years I have worked as a free-lance consultant in projects related to qualification and validation of new equipment and optimization of existing equipment. The task has been different, often starting in the design phase with the preparation of various design documents such as URS, QRA and CARA etc., after which I have been involved in preparing and testing IQ/OQ and finally performing Cycle-development and the Initial validation. Along the way, production-support has been a natural part, including annual re-validation, preparation of Change request, deviations and problem solving.

I consider myself as a specialist in Cleaning Validation and very experienced in SIP as well. Over the years I have become experienced with many kinds of equipment and are familiar working together with all kinds of profession's either as project lead or as part of the performing team.

### ***Previous tasks:***

For the last 3 years, I have been part of a project implementing a new CIP/SIP unit in an aseptic filling factory. From the start of the project I have been substituted Engineering Responsible during the Design and Qualification phase and have had a leading role in the subsequent commissioning and initial cleaning validation.

Prior to this, I have been responsible for various qualification and cleaning validation activities during the introducing of new solvent tanks and associated piping system in connection with a major remodeling project on NN.

In general, Qualification, Commissioning and Cleaning/sterilization have been areas of work over the past many years.

### ***Conviction:***

“My personal experience through my career has showed me that holding these three short sentences in mind, gives the best result through collaboration”.

*-Honesty is the best policy- Quality never fails- and Respect pays off.*

## Education

<b>Year</b>	<b>Education</b>	<b>Educational institution</b>
2000-2004:	Engineer "Food science"	 DTU Danmarks Tekniske Universitet
1992-1994:	Technologist "Food"	 Slagteriskolen Uddannelsescentret i ROSKILDE
1987-1990:	Dairyman/ Proces operator	

---

## Course/ Training

During my career, I've been trained either by courses or on the job regarding:

- Pharmaceutical production
- Qualification
- Validation
- Cleaning
- Sterilization
- cCMP/GDP
- Clean room behaviour
- Aseptic behaviour
- Project handling
- Deviation
- Change request
